- English language
- Monday to Friday, 24 hours via Support Portal, and 9 a.m. - 6 p.m. Local time Phone support

SEVERITY LEVEL DEFINITIONS
Severity Level 1: Business critical issues caused by broken features or lack of significant functionality of the Univa provided software, with no existing workaround. This severity level can be requested just for production systems and does not include installation issues or problems in staging environments.

Severity Level 2: Severe impact. An error that significantly degrades a major function of the Software.

Severity Level 3: Degraded operations. An error that results in slight impairment in the functions of the Software. Includes feature requests and cosmetic defects.

SEVERITY LEVEL RESPONSE TIMES
Univa will use commercially reasonable efforts to respond within the Response Times set forth below according to the Severity levels and Support Services Plan of the Company.
